With ACTIV CUSTOM reinforced protective folio cases, made in France, your tablets are always fully protected in case of drops and shocks. These protective cases can withstand more than 50 drops from a height of 1.20m, which is twice the requirement of military standard MIL-STD 810-G. They are certified to IK08 standard for resistance to shocks.

These folio cases offer excellent ergonomics at the office or in a meeting. They are also easy to carry around and suited for semi-nomadic uses.

Many options are available for you to adapt your ACTIV case to your specific needs. The ACTIV cases are also adjustable to any device brand.
