

CHARGE

Mains chargers with built-in cable, perfect for all your travels...

A complete range of practical solutions to easily recharge your PC every day.

ENERGIA CHARGER

PC CHARGER 65W - BUILT-IN 1.8M USB-C CABLE
FOR PC - TABLET - SMARTPHONE

Réf. 020015

PRODUCT

FEATURES

- ⚡ Power output: 65 W
- ⚡ Includes 1 integrated 1.80 m USB-C cable
- ⚡ GaN component
- ⚡ Compatible with all European power outlets (type C/E/F)
- ⚡ Input : 220-240V - 50/60Hz. 1.5A
Output : 5V3A, 9V3A, 12V3A, 15V3A, 20V3.25A

Power Delivery / PPS (Programmable Power Supply) technology: For USB-C charging ports.

These technologies speed up and optimise charging while adjusting the power delivered according to the device being charged. The mains adapter will not deliver the same power to charge a smartphone as it will to charge a tablet. This makes for **faster, more efficient** recharging, while preserving and **extending battery life**.

GaN (Gallium Nitride) component:

This component enables more efficient and **compact** electronic systems that **reduce energy losses**. Mains adapters equipped with this GaN component **consume less energy** while being smaller and lighter than traditional adapters.
