⚡

- + 8 ports in total
- + PD (Power Delivery) charging : Up to 100W
- + 1 integrated USB-C cable for connecting to your equipment (24cm)
- + Video display : HDMI 4K@60Hz
- + Network : Gigabit Ethernet (RJ-45) up to 1000 Mbps.
- + VGA : 1080P@60Hz

1. 1x USB-C (Power Delivery)

Primary function: Charge compatible devices.

Maximum power: Up to 100W (PD 20V - 5A).

Use: Used to connect a mains adapter with a USB-C connector. Guarantees a continuous and stable charge for a laptop, tablet or smartphone while in use.

2. 2x USB-C

USB-C 3.0

Data transfer speed: up to 5 Gbit/s.

Use: fast file transfer, connection to USB-C peripherals such as smartphones or external hard drives.

3. 2x USB-A

USB 3.0

Data transfer speed: up to 5 Gbit/s.

Use: fast file transfer, connection to USB-A devices such as external hard drives, mice or keyboards.

4. 1x HDMI

Maximum resolution: Up to 4K (4096*2160P) at 60Hz (smooth refresh).

Use: Connects to a monitor, TV or projector for high-resolution video output, ideal for multitasking, streaming media or presentations.

5. 1x RJ45 - Ethernet

Primary function: Fast, stable wired network connection.

Supported speeds: 10 / 100 / 1000 Mbps (Gigabit Ethernet).

Use: Provides fast, reliable access to the Internet or local network, perfect for environments requiring high bandwidth or low latency.

6. 1x VGA

Maximum resolution: Up to 1080p at 60Hz.

Usage: Allows you to connect a screen, monitor or video projector equipped with a VGA port. Ideal for extending or duplicating your computer's display on a second screen, particularly in professional or educational environments using VGA equipment.

7. Integrated USB-C cable

Description: Integrated USB-C 3.1 cable for connecting the docking station to a laptop, tablet or smartphone.

Compatibility: Compatible with devices equipped with a USB-C port supporting data, video or charging (depending on device model).
