⚡

- + 12 ports in total
- + Video display : HDMI 4K@60Hz
- + PD (Power Delivery) charging : Up to 100W
- + Network : Gigabit Ethernet (RJ-45) up to 1000 Mbps.
- + 1 integrated USB-C cable for connecting to your equipment (24cm)
- + Video and audio display: Display port 4K@60Hz
- + SD Port / Micro SD Port
- + Audio Port : 3.5mm

### 1. 1x USB-C (Power Delivery)

**Primary function:** Charge compatible devices.

**Maximum power:** Up to 100W (PD 20V - 5A).

**Use:** Used to connect a mains adapter with a USB-C connector. Guarantees a continuous and stable charge for a laptop, tablet or smartphone while in use.

### 2. 1x USB-C

USB-C 3.0

**Data transfer speed:** up to 5 Gbit/s.

**Use:** fast file transfer, connection to USB-C peripherals such as smartphones or external hard drives.

### 3. 3x USB-A

USB 3.0

**Data transfer speed:** up to 5 Gbit/s.

**Use:** fast file transfer, connection to USB-A devices such as external hard drives, mice or keyboards.

### 4. 1x HDMI

**Maximum resolution:** Up to 4K (4096\*2160P) at 60Hz (smooth refresh).

**Use:** Connects to a monitor, TV or projector for high-resolution video output, ideal for multitasking, streaming media or presentations.

### 5. 1x RJ45 - Ethernet

**Primary function:** Fast, stable wired network connection.

**Supported speeds:** 10 / 100 / 1000 Mbps (Gigabit Ethernet).

**Use:** Provides fast, reliable access to the Internet or local network, perfect for environments requiring high bandwidth or low latency.

### 6. 1x Audio Port

**Main function:** Combined audio input/output.

**Use:** Allows you to connect headphones, earphones or a microphone. Ideal for video calls, conferences or listening to music with clear sound quality and no latency.

### 7. 1x Integrated USB-C cable

**Description:** Integrated USB-C 3.1 cable for connecting the docking station to a laptop, tablet or smartphone.

**Compatibility:** Compatible with devices equipped with a USB-C port supporting data, video or charging (depending on device model).

### 8. 1x Micro SD Port

**Usage:** Enables fast file reading and transfer from a Micro SD card. Ideal for photographers, videographers, or professionals who work with compact external storage media.

### 9. 1x SD Port

**Usage:** Compatible with most SD cards used in cameras and camcorders. Simplifies the quick import of photos, videos, and documents without an additional adapter.

### 10. 2x Display Port

**Maximum resolution:** Up to 4K at 60Hz.

**Usage:** Allows you to connect one or two DisplayPort monitors for a multi-monitor setup. Provides smooth images, accurate colours and high signal stability, ideal for demanding professional environments.
