INSTALLATION GUIDE

PRECAUTION

Read all instructions carefully and review the visuals before proceeding with the installation.

BEFORE STARTING

Make sure the kit includes all the following items:

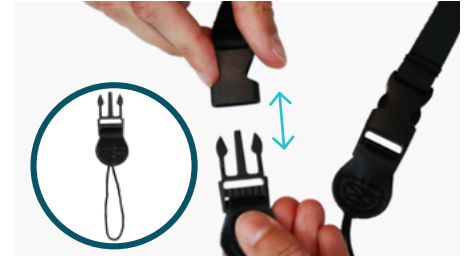

- A two-piece case
- A two-point shoulder strap
- A hand strap

STEP 1 :

Attach the hand strap

Pass it through the two slots on the back of the case provided for this purpose, then adjust it using the Velcro.

STEP 2 :

Get the shoulder strap ready

Fully open the shoulder strap, leaving only the two attachment points.

STEP 3 :

Thread the straps

Thread both straps through the dedicated slots on the case, inserting them from the outside toward the inside.

STEP 4 :

Secure with the clip

Thread the clip through the strap to create a secure, stable knot.

STEP 5 :

Check the attachment points

Make sure both straps are securely attached to the case, as shown in the picture.

STEP 6 :

Open the tablet's kickstand.

Tilt the tablet's kickstand to allow the case to fit around the tablet.

STEP 7 :

Fit the case onto the tablet.

Place the case around the tablet, positioning it inside the kickstand.

STEP 8 :

Clip the corners into place.

Carefully clip all four corners to ensure a firm hold.

STEP 9 :

Position the second part of the case

Slide it onto the stand and ensure that the notches align correctly with the case.

STEP 10 :

Attaching the removable keyboard

Clip it onto the magnetic part located under the case.

STEP 11 :

Final verification

The case is now correctly installed and ready for use.

STEP 12 :

Attach the shoulder strap

Attach the second end of the shoulder strap using the two clips installed previously.

The case is secure and ready for use.

Placed on a desk, worn over the shoulder or carried by hand with the hand strap.
