# OUR COMMITMENTS FOR EDUCATION : MAKING ECO-DESIGNED PRODUCTS IN FRANCE

## 2 factories in France

We are the only player in the market with our own factories in France.

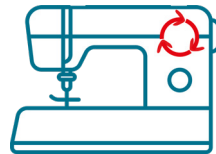

## Durable materials

We choose Global Recycled Standard labeled materials to ensure their origin & positive impact.

## Customization

Our internal R&D team designs customized solutions to meet your business needs.

## Products repairable & reusable

We insure the durability of our products and manage the end of life.

## MOBILIS®, SUPPORTING EDUCATION SINCE 1993!

Our industrial know-how allows us to master the design, conception, manufacture and customisation of products. MOBILIS® is committed to **improving its environmental and social impact** throughout the life cycle of products and their sustainability.

In a school bag or in the classroom, our aim is **to make learning tools durable and easy to use**, for more fun and creativity!

# THEY TRUST US

## ENTRUST US WITH YOUR PROJECT!

We adapt and customize our products to your needs: label holders, wearable systems, dimensions, colours, logos...

Our design office will design your product to your image!
